<p>Core 1 Reading Our Power of reading text will be "The Princess and the White Bear King" by Tanya Robyn Batt. The children will continue to practice becoming 'reading explorers' by answering literal and deductive questions when reading a variety of text types in guided reading.</p>	<p>Core 2 Writing The children will be focusing on including similes to extend their writing and will recap using inverted commas for speech. As well, they will be writing persuasive letters, character and setting descriptions and story retells through both independent and shared writing.</p>	<p>Core 3 Science In Science the children are</p>
<p>Core 4 Computing In Computing pupils will be looking at internet safety this half term. Internet safety day is the 9th February this half term. Throughout the term the children will learn about and discuss how to stay safe online, what to do if they need help while using the internet and we will also be looking at age appropriate websites and search engines.</p>	<p>Core 5 Forest Schools The focus of the children's learning will be based on</p>	<p>Core 6 Maths We will be consolidating our multiplication skills at the beginning of this half term and then continuing with division. The children will see this as the opposite to multiplication as they group and share items and before moving onto abstract division. We will also be looking at the topic of money. Comparing money, making amounts and problem solving with money.</p>
<p>Lead 1 Art In Art we will be looking at the illustrations in the book 'The Princess and the White Bear King' by Nicoletta Ceccoli. The children will be learning how to use colour for effect to create their very own icy masterpieces. They will also be drawing pictures of polar bears using the different grades of pencils to portray texture building upon line drawing techniques taught. We will move onto using clay to make our own polar bears.</p>	<p>Cultural Diversity Music/Festivals/Feasts Our RE topic this half term will be Judaism. We will be asking "Who is God to the Jews?"</p>	<p>Lead 2 Geography In Geography we will be learning about the continents and oceans of the world and using atlases to help with our research. We will be focusing on the Arctic Ocean in particular as we label aril photographs and discuss how climate change is affecting the world that we live in.</p>

Term: Spring 1	Year: 2	
<p><u>Rationale</u> During this half term will be learning about respect. The children will be exploring this through various avenues showing respect for themselves, their peers and other around them.</p>		
<p><u>Hook</u> Using artefacts from a storytelling bag: <i>small bell, candle, knife, and small tablecloth, a pair of silver scissors, a golden cup and a child's golden crown</i> the children will be encouraged to discuss the items and to speculate what story these items could tell. The children will be encouraged to think about answers to the following: <i>What kind of story might these items be from? Why might these items be important in the story? Can you make up a story using these items? What other stories have items like this?</i></p>		
<p><u>Our Learning Journey</u></p> <ul style="list-style-type: none"> □ Week 1 - The children will be introduced to the new story and using images from the story to draw upon for inspiration they will be creating their own illustrations using a variety of medium in our art lessons. □ Week 2 - The children will be looking at using inverted commas to portray speech in their writing as well as looking at diary entries. In art the children will be exploring with different grades of pencil to create texture with different line drawing techniques. □ Week 3 - In Geography the children will be learning about the Arctic Ocean after recapping the worlds continents and oceans. We will be looking at describing the locality and how climate change is affecting our world. □ Week 4 - We will be introducing multiplication and division to the children. We will be learning x2, x5, x10 times tables. □ Week 5 - Our RE week this term is looking Judaism during RE week. □ Week 6 - It will be Internet safety day and the children will be learning how to keep themselves safe online and while playing on games/electronics. 		
<p><u>Outcome</u> The children will understand what it means to be a respectful citizen. They will show this by working cooperatively in a team to achieve a task. They will show respect for other individuals strengths, by supporting their peers and putting others before themselves. They will work together to support each others weaker areas and offer friendship, guidance and kindness to help out.</p>
